

Software Architect / Technical Manager

The position is full-time, based in Lausanne, Switzerland.

About Fair Web Entertainment

We are a [startup](#) based in Lausanne (Switzerland) actively innovating in the field of [social gaming](#). Social gaming is one of the fastest growing industries with more than 200 million players.

Our first product BETCoffee (www.betcoffee.com), started in 2006 and currently in public beta, is targeting the public market and based on Web 2.0, social media (Twitter, Facebook...) and mobile phones.

About the job

As a key person in the team, you design and ensure the compliance of developments. You are able to analyse and develop by yourself as well as to delegate to other people of the development team. You work closely with the management team and the community manager to define and arbitrate developments, which implies to follow web ecosystem trends and evolutions technically and functionally.

Responsibilities

- Lead and organize developments
- Participate in the corporate project management
- Maintain and enhance documentation
- Assist operation tasks

Requirements

You hold a degree in Computer Science, Information Technology or Software Engineering, and have at least two years of experience in the analysis, design and development of applications on web platforms. A [proven experience in a Web startup](#) is a plus. You are fluent in French or English and familiar with several of the following tools and technologies, and maybe an expert in a few of them:

- Ruby on Rails stack: Ruby, Mongrel, Rails, HTML, RJS, RHTML, Prototype
- Databases: MySQL and object-relational mapping
- Mobile development: iPhone, SMS, Android...
- Web ecosystem: Yahoo, Google, Facebook, MySpace...
- Operating systems: OS X, Linux (CentOs)
- Networking: protocols, infrastructure (load-balancing...), services (CDN...)
- Testing: RUnit...
- Configuration management: Subversion, Git
- Object-oriented design and notations (UML)
- Agile project management: Scrum, XP...

As a stakeholder of a startup, you are autonomous, motivated and flexible. You are [solution-oriented](#), love to share your knowledge and ideas and want to create the future.

Send your CV and describe your motivation to jobs@fairwebentertainment.com
